

ACTIVITY 3:

N.S.E.W. VIEWS FROM OUR CLASSROOM

1. Perhaps your classroom overlooks a quiet road or a busy street with shops, offices, houses. Perhaps from one window you can see a field with crops or animals, or a dense wood, hills, mountains, a stream or river . . . etc. Perhaps by looking in different directions you can view different scenes. Do the scenes differ from window to window?
2. Talk about the views from your school and the various pictures you could draw.
3. When you have drawn 4 views from your classroom window stick your drawings in the OUR LOCALITY 1 poster.
