

ACTIVITY 15: OCCUPATIONS IN OUR LOCALITY

Occupations in Our Locality

1. Over the lifetime of your parents many traditional local industries may have been replaced by new ones and many have gone forever from your locality. Draw pictures to show what people in your locality used make, grow or do at work. Write the name of the occupation under each drawing.
2. Farming has changed too. Make enquiries and find out what farming activities took place in your locality in the past.
